

Important Lunch Info

2020-2021

Dear Parents,

This year we will be delivering lunch to the classrooms. It is very important that your student place their lunch order when they arrive in their classrooms in the morning. We will only have a few extra lunches available in case students forget their lunch. We will have 2 options available every day- the hot lunch option or the cereal lunch which includes cereal, milk, fruit, cheese stick and yogurt.

The snack line is **NOT** available this year. If students are only needing a beverage they will also need to order their drinks on the order form to be delivered to their classrooms.

The lunch staff is taking every precaution recommended by the CDC and Cuyahoga County Health Department to ensure we are providing a safe and nutritional lunch.

Please contact me with any concerns and questions at snye@saintraphaelparish.com.

Sincerely

Stacey Nye

Food Service Director
